Software Disclosure form for LIEU.

GENERAL INFORMATION

Date : _____

Software Name : _____

Version Number : _____

Development Phase (final, beta, production,…): _____

Principal Contact Person : _____

Short Description :
_____
_____
_____

Type of Development

☐ Generic Software   ☐ Database

General information :

☐ Source code protected ? If yes, please describe the type of protection : ...

☐ Is there a logo ? If yes, please send the logo together with this document._____

Brand protected : ☐ no / ☐ yes : date and reference : _____

Programming language(s) used (C++, PHP/MySQL, Fortran…):
_____

Desired Distribution (open-source / commercial):
_____

Requirement(s) to run the software (OS/Hardware/Software license/other codes) :
_____

Support (manual/Online help/Tech support ?)
_____
_____

Dependencies of the Software (e.g. open-source libraries, modules developed by a partner…):

Copyright Holder	Name (or short description)	License type (GNU, BSD etc.)

Funding : (type = Internal Funding, Regional, National, European or Other)

Type	Name/acronym	Duration	Nature of the contract	Industrial sponsor/partner

MARKET POTENTIAL

Market **potential (services / sales, potential customers, competitors)**:
_____
_____
_____

Please describe in a few words what are the **advantages** of this software with regards to the market situation (advantages vs competitors / existing solutions).
_____
_____

Are there identified potential **licensees** ?

Company	Contact Name	Position/Title	e-mail	Phone

CONTRIBUTORS

Please list all contributors to the software known at this time. The list of contributors will be finalised later, after consultation with your Technology Transfer Office.
